7 October 1963

MEMORANDUM FOR: General Carter

SUBJECT : Notes to Mention at Senior Staff Meeting,  
Monday, 7 October 1963

1. There have been two serious accidents involving Agency employees on the George Washington Memorial Parkway within the last couple of weeks. In one of these accidents an Agency girl went through the windshield of the car and was seriously hurt. We have mentioned speeding on the Parkway to the Senior Staff previously and noted that before the extension to Cabin John Bridge was opened, the Park Police had clocked the traffic at 57 m. p. h. --and obviously the bulk of this traffic was CIA. The Senior Staff should advise each of their staff meetings that unless the CIA traffic slows down in the morning and evening, we intend to ask the Park Police to use radar and issue tickets. Up until now they have been bending over backwards not to bother our people.

Further, some of the driving on the Agency property--in the parking lots and access roads--leaves much to be desired. Advise personnel that unless care and consideration is used, the guards will be instructed to issue additional tickets.

\*\*\*

2. The Senior Staff is once again reminded that [redacted] started last night, and there will be certain test messages used in connection with this Operation indicating changes in Defcons and everybody should be alert to the fact that anything slugged [redacted] is part of this operation. This will last until Friday, the 11th. If there are any questions about the Operation, please call either [redacted] or [redacted] in War Plans Staff.

\*\*\*

3. Senior Staff should also be aware that on Thursday, 3 October, Mr. McCone, in the auditorium, opened the first session of the first Agency Midcareer Course. This course will go on for six weeks, and when they are available, Mr. McCone's comments on the occasion of the opening of the course will be circulated both in headquarters and the field.

[redacted]  
Lyman B. Kirkpatrick  
Executive Director
